9780982090428, Kelly Networks, 2009

In the mid-1990s a small group of people gathered together in an attempt to get away from the preaching of churches and their dogma. As they sat together, they gradually began receiving instructions. They were told to listen for a quiet voice in their mind and to write down what came to them. This is the third of nine volumes containing instructions from a presence who identifies Himself as Jesus. He instructs them to take notes and offers to lead the group through the process of reaching Christ-consciousness. Along the way, He teaches that truth can only be found in the Life inside the Self, and that aligning with truth results in perfect health, peace, and freedom from death for each individual who succeeds in that alignment. Can be read straight through or used as a daybook of meditation.
